# CREATING SUSTAINABLE PRODUCTS AND A COMMUNITY OF DOERS

We're a leather and canvas manufacturing company that aims to develop products that bring joy to the end consumer. In this endeavour, we work with businesses that have similar goals and create high-quality products in short turnaround. We optimise our manufacturing process to minimise human hours and control environmental waste.

# OUR VALUES

- Quality-driven products
- Ethical and humane working conditions
- Environment conscious processes
- Affordable product range

# VISION OF THE COMPANY

**To create a high quality product for the clients, in a shorter turnaround time, by assigning minimal human-hours and negligible environmental waste.**

Deniva aims at creating better leaders and citizens the country needs with critical and logical thinking. As the proverb says, "If you give a man a fish, you feed him for a day. You teach him to fish, you feed him for life." We wanted to build the people and let them build the business.

# WE'VE EARNED THEIR TRUST

These are clients we've worked with directly to create some amazing products!

# WE FOUND SOME PARTNERS IN CRIME!

We created products for our partners and in turn for some amazing clients onshore and offshore.

## Agility and Upskilling programs

### IMPROVE HANDLING SPEED

Increase in production through 15-min agility movement sessions everyday

### EQUIPPED FOR TROUBLESHOOTING

Employees are trained to troubleshoot machines whenever necessary. It helps reduce dependency and delays.

### DEDICATED HOURS FOR UPSKILLING

The ERP will allow clients and our internal teams to track the status of each PO and raise queries.

### KEEPING EMPLOYEES MOTIVATED

Data recorded through NFC is displayed on the machines for employees to track and improve their hourly performance.
